## Calling all ET Women!!

### WHAT:

The kickoff of the Girls' Leadership Project Mind, Body and Soul training.

The girls in the **Girls' Leadership Project (GLP)** are inspired to create a Girls' Leadership Camp based on the importance of the **Mind, Body and Soul** of all women, both young and old.

This year alone, **150** young women will "age out" of foster care in Miami-Dade County, **less than 40%** of these women will finish high school, and 50% will become homeless. Within four years, approximately **70% of these young women will become pregnant.**

Thanks to the support of the City of Pinecrest **Mayor Cindy Lerner**, the Women's Fund and Educate Tomorrow's mentors and partner organizations.
